

# The Glaucoma Community

Prevent Blindness

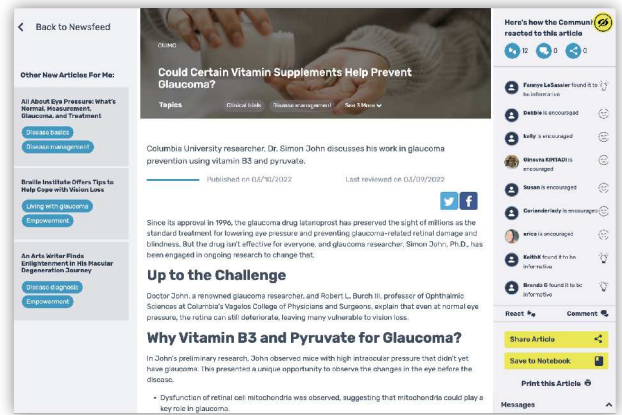

An online community that empowers through knowledge, support, and shared experiences

When you sign up for The Glaucoma Community, you'll unlock personalized article recommendations, helpful resources and firsthand advice, and a supportive community of thousands of other people experiencing glaucoma symptoms.

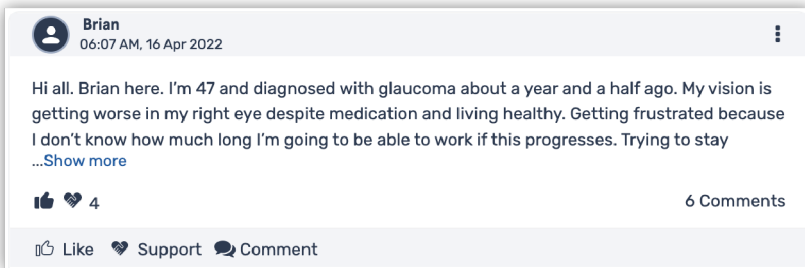

## Stay informed with your customized Newsfeed

Keep up with the latest glaucoma news with your personalized in-app Newsfeed that features content reviewed by leading experts in the medical, scientific, and patient advocacy fields.

## Build connections and get community support

Connecting with others is a great way to share experiences, advice, and encouragement. You can chat with other users and post comments, photos, and videos.

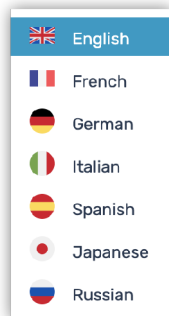

## Easily organize and update your medical information

Use the Patient One-Sheet to store all of your medical information and save time at the doctor's office. You can print, share, and download this easy-to-use, patient-designed dropdown form.

In The Glaucoma Community app, you can also find reliable external resources, a secure private chat, accessibility features, 7-language translation options, and more!

Current languages include: English, French, German, Italian, Spanish, Japanese, and Russian.

Join The Glaucoma Community for free to get the answers and support you're looking for!
