## SIGHT SAVING SUCCESS STORIES AROUND OHIO

*"Now that I am on Social Security, purchasing glasses is a stretch. I cannot describe how good it makes my heart feel to have this program pay for my glasses. After paying for what my insurance does not cover for cataract surgery, I was strapped to pay for glasses."*

*JoAnn M., Dayton*

*"My Grandson needed glasses (he had some but they broke twice and insurance wouldn't cover any more). The school called me and told me about Prevent Blindness. We ended up going to LensCrafters and it was a pleasant experience from start to finish."*

*Kathy A., Toledo*

*"I have been having a hard time seeing as my prescription has changed. Because I do not have vision insurance, I had not been able to get new glasses. Because of this program, I will now be able to see and not have to struggle and use the camera on my phone to read things."*

*Kimberly C., Hilliard*

*"I lost my contact and was without sight for three months. I had to depend on my daughters for everything from driving me to work, cooking for me, finding my clothes. I even fell down my steps due to not being able to see. This program has been a Godsend for me. Without the program and my new lenses my life would not be the same. I would not be able to live independently. I thank you for the help."*

*Tamika M., Galloway*

*"My 8 year old daughter wears prescription glasses and also needs a special lens because she has a cataract in her left eye. I have two children that wear glasses and for that it's difficult to afford glasses at times. This program has helped me out a lot as a single parent."*

*Egypt J., Miamisburg*

*"I can read again, see to drive, help my grandson with his homework and can see my phone now! Thanks so much!! Without you I wouldn't have glasses."*

*Cindy N., Zanesville*
