A Message from our Leadership

The Year of 2020 Vision

As we reflect on our 2020-2021 fiscal year, Prevent Blindness (PBO) can be proud that we continued to offer a full range of sight saving services without hesitation, even though the pandemic brought many unexpected challenges. We quickly changed the way in which we reach people so that our services could be delivered in creative ways that used technology when in-person was not possible.

It was also a year of planning for change in leadership. After 35 years of service as President & CEO of Prevent Blindness, Ohio Affiliate, Sherry Williams retired in 2021. PBO’s Board of Directors already had a succession plan in place for many years to assure that our good work continues with strong leadership. Amy Pulles, Vice President of PBO and a long-time staff leader, will assume the role of President & CEO in 2022. As our commitment to you – our donors and partners – we are in good hands!

Even in these time of change, our focus has been steady in serving individuals at highest risk for vision problems – children under age 6, people with diabetes, ethnic groups prone to glaucoma, seniors and those without financial resources to get the eye care they need. Our programs and services reached nearly 300,000 Ohioans of all ages and walks of life last year.

Your support of Prevent Blindness makes it possible for us to have the solid foundation in place to continue our work to address the 50% of vision loss that is preventable!

We thank you for joining us in our fight to protect the gift of sight for all. Through your continued support, we hope that we may someday see a time when preventable vision loss is eradicated.

With gratitude,

Carolyn King
Chair, Board of Directors

“I lost my contact and was without sight for 3 months. I had to rely on my daughters for everything. I even fell down the stairs. Without this program & my new lenses, I would not be able to live independently. Thank you for the help.”

PBO is proud to partner with The CommunityCare Clinics (CCC) in Toledo by providing training for their Vision Screeners. CCC is one of the largest student-run free clinics in the country and is operated by faculty and students from The University of Toledo College of Medicine and Life Sciences. A full range of medical services are provided for thousands of uninsured and underinsured people from the Northwest Ohio area every year, including vision services through PBO’s Vision Care Outreach Program.

Patients are provided with vision screenings, comprehensive eye examinations, and donated eyewear.

Vaishnavi Aradhyula, MS, MD Candidate and Executive Director of CommunityCare Clinics, expressed her enthusiasm about implementing the screenings at the clinic, as well as her commitment to assuring their sustainability in the future.
2020 Research Fellows Present Findings at Virtual Vision Forum

The research findings of the recipients of PBO’s 2020 Young Investigator Student Fellowship Awards for Female Scholars in Vision Research were shared during a virtual Vision Research Scientific Forum with topics ranging from: retinopathy of prematurity that occurs in infants; a treatment regimen for age-related macular degeneration (AMD); and a process that reduces the amount of farsightedness in infants.

This PBO award provides training support for future generations of outstanding female scientists committed to pursuing biomedical, behavioral or clinical research careers relevant to the mission of Prevent Blindness.

PBO is Grateful for Support from Ohio Drivers and the Save Our Sight Fund for Children’s Vision Screenings

Prevent Blindness received a grant for the period July 1, 2020 through June 30, 2021 from the Save Our Sight (SOS) Fund for PBO to train and certify 1,000 children’s vision screeners at primary healthcare practices and public/private child care organizations and schools. The funding comes from Ohioans who donate $1 or more to SOS when they renew their Ohio motor vehicle registrations.

Funding also provides for the purchase of vision screening equipment kits. PBO worked in conjunction with the Ohio Department of Health and the National Center for Children’s Vision and Eye Health to develop a new vision screening training/certification program to support the new national universal preschool vision screening recommendations.

16th Annual Eyes on Capitol Hill goes Virtual

Ohio Members of Congress Steve Stivers, Troy Balderson, Marcy Kaptur, Dave Joyce, Jim Jordan and Tim Ryan, and Senators Sherrod Brown and Rob Portman joined PBO delegates for the 16th annual Prevent Blindness “Eyes on Capitol Hill” advocacy days in February. Visits were virtual and focused on the importance of vision and eye health and how PBO helps their constituents enjoy good sight for life.

This year’s Eyes on Capitol Hill advocates asked Ohio’s elected officials to restore the CDC’s Vision Health Initiative (VHI) with $5 million and maintain the CDC’s work in Glaucoma Prevention with $4 million.

PBO Volunteer Leaders Named to Patient Engagement Program

Kylie (Glass) Gang, PBO Board Member, and her mother Laura Glass (Alliance, Ohio) were recently invited to serve as expert advisory board members for the Prevent Blindness A.S.P.E.C.T. (Advocacy, Support, Perspective, Empowerment, Communication and Training ) Patient Engagement Program.

They were invited to partner with Prevent Blindness on this unique program because of their life-long personal experience with vision challenges and leadership experience in advocating for wider access to vision and eye health information and resources.

PBO Receives CARES Grant for Necessary Upgrades

PBO was very grateful to be one of 110 Central Ohio agencies to receive CARES (Coronavirus Aid, Relief, and Economic Security) Act funding.

A $7,800 grant, provided through the City of Columbus, allowed for the replacement of outdated technology that was essential to be in working order with increased remote working schedules due to COVID.

“I have not been able to afford glasses in over 4 years. I am so grateful for this program. Thank you and God Bless.”
- Rebecca N., Parma

Adan E. lives in Southwestern Ohio and his family came to PBO through one of the 1,800+ community partner organizations in Ohio. Both of his children were signed up to receive eye exams and new glasses at no cost.

“This has been tremendously helpful to both of them and has helped them in school. My daughter has an especially significant eye condition and her vision decreased drastically in just a year. She wasn’t able to see well while walking in the halls or sitting in class. Her glasses have helped her and have given her confidence.”

During his daughter’s vision screening at school, Adan told the school liaison that he thought he, too, needed glasses and that he had never been to an eye doctor because he had no insurance. The liaison completed Adan’s application for assistance from PBO.

“I am so grateful that I had this opportunity for a free eye exam and glasses. I wear my glasses every day. I also wear them to work (in construction) and they help me see much better. Thank you so much for this fantastic program.”
