Refresh and Re-Certify Webinar, August 8, 2023, 12:00 pm-12:45 pm

<https://www.surveymonkey.com/r/Recert080823>

For those people who have attended an Adult Vision Screening Training and need to re-certify or refresh their knowledge.

Half of all blindness can be prevented through early detection and treatment. Today, there are 1,259,000 older Ohioans affected by vision problems, which if not detected and treated early, could lead to blindness. Because of the growth in the aging population, there will be more than 2.5 million Ohioans affected by vision-robbing conditions by the year 2030!

Adult Vision Screening Training Program, you will be able to:

- Perform near and distance visual acuity screenings
- Educate people about “aging eye” diseases and disorders
- Describe Adult Vision Screening Guidelines Published by Prevent Blindness

Upon successful completion of the training, you will be nationally certified to provide adult vision screenings for three years and are eligible to receive FREE vision screening equipment including: Adult Risk Assessment and Registration Forms, Near and Distance Visual Acuity Charts and assorted educational vision resources and brochures.

HealthyEyes Program: enhances the services of Ohio’s senior care and public health networks by providing information and access to prevention information, referral, and treatment resources for adult eye challenges.

After completing the HealthyEyes portion of the program, you will be able to provide your professional and consumer constituent base with facts and information about what they can do to prevent vision loss. You will receive a HealthyEyes Toolkit that contains a flash drive with many PowerPoint presentations, handouts, and material to support the presentations. This provides you with opportunity to be an advocate for eye healthy and safety!

Questions? Contact Laura Schwartz at 800-301-2020, ext. 112 or lauras@pboho.org
