*“CJ waited 2 months for a vision (eye exam) appointment back in the Fall of 2023. He was anxious counting down the days. When he received his prescription he almost cried finding out he had to wait another week for his glasses to come in the mail. Three days after receiving his glasses, our dog chewed them up as he left them on his bed (they nap together). He woke crying so hard. Insurance only covers 1 pair. Thank you for being a blessing for my family.”*
